NCR EasyPoint™ Advantage
Kiosk

Looking for an all-in-one kiosk with a sleek, compact design?

YES

The NCR EasyPoint Advantage is a high-quality, versatile kiosk with the reliability and user-friendliness required for your business

The NCR EasyPoint Advantage provides you with a flexible solution for all your self-service kiosk needs. Built on industry standards, this sleek kiosk delivers a superior customer experience with its motion picture-quality video and multimedia.

- **Ultra compact, lightweight design**

  Designed for placement flexibility, this kiosk can be placed anywhere you want to ensure high customer impact and usage.

- **Flexible mounting options**

  In addition to its compact size, with multiple mounting options, this kiosk can be placed anywhere your imagination takes it! The installation can be virtually anywhere that best serves your needs: a tabletop, shelf, pole, wall or pedestal.

- **Rugged construction**

  The rugged construction of the NCR EasyPoint Advantage withstands the demanding rigors of today's environment. Downtime is reduced for maximum availability so you can maintain a great customer experience.

- **Easy to maintain and dependable for years of service**

  Easy to service means reduced repair times and less downtime for you. The NCR EasyPoint Advantage requires minimal tools for most regular maintenance, which ensures component replacement in a fraction of the time required by other solutions.

- **Exceptional user experience**

  This ergonomically designed kiosk is easy to use, and makes your customer feel comfortable and confident. The self-service touchscreen and high-quality speakers provide your customer with a superior experience.
